Re: Addresses for new residential development – Villa D’Este (Tract 7735)

Electronic copies of this letter and documentation will be posted to the City’s addressing projects web site at http://gis.ci.fremont.ca.us/addr/addr_proj.cfm within 10 business days. The files will be stored under SP 42-0036.

We will be conducting a pilot project to create a GIS layer for address points related to this development and will post the results to the addressing web site within the next 30 days. We would greatly appreciate any comments you may have as to how this prototype fits into your work flow. Please email either recipient at the end of this letter if GIS and digital format is of benefit to your organization.

For your information, the enclosed map indicates the **newly assigned** street address numbers for your project. This correspondence supersedes any previous addressing notifications related to this project. The agencies listed below will be notified of your new addresses. Some agencies may not update their records until notified by the property owner. Therefore, it is your responsibility to contact the agencies directly to assure the address changes have occurred.
